Smart Energy Powering the Future

**2025 TJU
Summer School**

INTRODUCTION

I. Program Schedule (Details available in attachment)

Dates: June 25 - July 12, 2025 (14 days)

Location: Weijin Road Campus, Tianjin University

Language: English

II. Target Students

- **20 students** from Tianjin University
- **20-30 international students** majoring in but not limited to energy, electrical electronics, computer science, automation, electronic information, etc.

III. Program Cost

The cost of accommodation, meals, transportation, courses, practical training, visits, etc., will be covered by the organizers.

International travel expenses and insurance will be paid by the applicants.

IV. Registration.

Dates for registration: From April 15, 2025 to May 15, 2025

V. Contact Information

Contact person: Wang Ting

For any inquiries, please contact: **wangting_tju@126.com**

SCHEDULE

This two-week international academic program brings together students and professionals to explore smart energy solutions through **expert lectures, workshops, and site visits**. Focused on virtual energy, smart grids, and multi-energy systems, it offers hands-on learning, global networking, and innovative project collaborations.

(UTC+8 TIME)

Date	Time	Activities
June 29 (Sun)	All Day	Arrival
June 30 (Mon)	09:00-09:30	Opening Ceremony
	09:30-10:30	Ice-breaking Activities
	14:00-16:00	Keynote Lecture
	16:00-16:30	Lab Tour
July 1 (Tue)	09:00-12:00	Lecture
July 2 (Wed)	14:00-17:00	Lecture
July 3 (Thu)
