

Module 2. Enterprise Internship

Part I. General Information

Internship programs will give you the opportunity to use your professional skills and to enhance your CV. To conduct an enterprise internship relating to studies in China would help understand more about China, the rapidly rising global economic power.

This internship program consists of an UNPAID (but very often compensated) placement in Chinese or multi-national enterprises which are long-term partners or affiliated companies of Tianjin University. Around 50 positions are provided ranging from engineering to business.

- **Date:** 19 May 2019-18 August 2019 (*The internship period is depending on your own plan and the requirement of the enterprises.*)
- **Program Fee (for one session)**

Items	Amount	
Registration Fee	100 USD	Non-refundable
Internship Fee	200 USD	
Administration Fee	200 USD	
Total	500 USD/ person	

Note:

- ✓ The program fee covers placement arrangements, visa support, ID Card of Tianjin University, campus activities, program administration and services.
- ✓ The tour to Tianjin Downtown & Binhai New Area and the tour to Beijing are optional for participants. If interested, participants could consult with program coordinator upon arrival.
- ✓ **Lodging in Tianjin or other cities is not included** here (*Please refer to "Brochure for 2019 Tianjin University International Summer School" P6 Lodging*).

Part II. Corporate Partner (To be supplemented)

- Qingdao Institute for Ocean Engineering of Tianjin University

Profile	Qingdao Institute for Ocean Engineering of Tianjin University is founded jointly by TJU and the Administrative Committee of Qingdao Blue Silicon Valley Core Area. The Institute is hosted by the incubator (Phase I) in the industrial park of the Qingdao Blue Silicon Valley Core Area. The space of the Institute is about 31,000 m ² and has 12 Engineering Centers covering various fields of ocean engineering. The total values of the equipment of the Institute are near to 100 million RMB. At the moment the Institute has around 300 researchers, among them there are 20 outstanding experts as the program leaders and around 100 full-time engineers.
Working Period	4-12 weeks
Working Location	Qingdao, Shandong Province
Internship Position	<ul style="list-style-type: none"> ✧ Administrative assistant, assisting daily work within the institute; ✧ Taking part in a team's project work; ✧ Other supportive work
Qualifications	<ul style="list-style-type: none"> ✧ Major related to ocean engineering ✧ Have strong knowledge with MS office ✧ Good command of English in speaking & writing
Compensation	Free dormitory

- **Tianjin TJU-P&G XEDA Innovation Research Institute**

Profile	TJU-P&G-XEDA Innovation Research Institute is located in Tianjin Xiqing District. This institute combining the strengths and expertise of both Tianjin University and P&G to collaborate and engage in fundamental research, new process development, modeling and simulation, new test method /characterization development, pilot research and other creative work. Here we have well equipped laboratories, modern analytical instrumentation platforms including NMR, PXRD, SEM, ICP-MS, HPLC-MS Laser microscopy Raman spectrometer etc., and a multi-functional pilot plan. The institute runs with a joint P&G-Tianjin University R&D team with permanent staff from both institutions located on-site.
Working Period	4-8 weeks
Working Location	Tianjin
Internship Position	<ul style="list-style-type: none"> ✧ Research assistant, taking part in daily laboratory work; ✧ Taking part in a team's research project; ✧ Data processing and documentation.
Qualifications	<ul style="list-style-type: none"> ✧ Major related to Chemical engineering ✧ Good command of English in speaking & writing ✧ Honest with high sense of responsibility and good team cooperation spirit
Compensation	Lunch (300 RMB/ month)

• **HAM-LET CHINA**

Profile	<ul style="list-style-type: none"> ✧ Established in 1950 ✧ Supplier of industrial & High Tech compression Fittings and Valves ✧ Traded on TASE since 1994 (Hamlet) ✧ Worldwide Manufacturing, Distribution and Marketing infrastructure ✧ Certified for ISO-9001, Lloyds TNO, S.A.E. & CE Standard. So as MIL-F-18866, ASME and ASTM ✧ Presently operates 240,000 sq. ft. manufacturing complex with Class 10 and Class 100 clean rooms
Working Period	4 weeks
Working Location	Tianjin
Internship Position	<ul style="list-style-type: none"> ✧ Sales Engineer: complete the daily sales business, sales plan on record, handle user inquiry, especially about technological problems, tracking and coordinate production and delivery, accounts registration and contract management, data statistics and arrange, statements of production, other routine treatment. ✧ Sales Assistant: complete the daily sales business, sales plan on record, handle user inquiry, tracking and coordinate production and delivery, accounts registration and contract management, data statistics and arrange, statements of production, other routine treatment.
